

Lucille and Kendra are a long time lesbian couple. They live together in some cosy apartment. One evening, in a romantic atmosphere with soft candle-like light, they are watching TV together, wearing thong and t-shirt only, when a DWW women wrestling program is broadcasted. They find the show very arousing and start making love on the coach while the wrestling action still goes on on the screen. We hear the noise of the catfight as we see Lucille and Kendra kissing and caressing each other's crotch and breasts.

After that tremendous and new experience, they decide to try and take up wrestling at the local women's club, to discover new sensations and maybe make new friends.

They get to the club, change to sexy one piece swimsuits in the lockers room and enter the gym.

To their surprise, they see two other women, Leslie and Nina, who are wrestling on the mat totally nude. Leslie and Nina are practising some straight submission wrestling.

Lucille and Kendra stand and watch, they are fascinated. While staring at the fight, Kendra gently moves her hand on Lucille's breasts and Lucille's hand fondles Kendra's bottom. Lucille whispers to Kendra "I think wrestling turns me on".

Once the first submission is gained, with a head scissors hold applied by Leslie, the wrestling stops. Leslie and Nina engage a conversation with the newcomers.

It becomes clear that Leslie and Nina are very intimate, and open minded.

They ask Lucille and Kendra if they would to try some tag team fight.

Lucille and Kendra reply that they are willing to try anything (winks) but have no experience or skill in wrestling. However, they agree to give it a try. They are asked to take their swimsuits off, so that all four contestants are nude.

Nina brings a bottle of massage oil, and gives one to Kendra too. She explains that oiled breasts make wrestling more enjoyable. Nina and Leslie oil each other's breast simultaneously. Lucille and Kendra do the same.

They decide who will fight who with a "heads or tails" coin throw. It's Lucille against Nina, and Kendra against Leslie. They get on their knees and the wrestling starts. Both fights take place at the same time and on the same mat. The strength, and wrestling skills make the difference, and Nina and Leslie dominate their opponents. Lucille and Kendra both lose to body press pins. And each victor takes advantage of the position by kissing and caressing her defeated new friend lying underneath her body.

However, the erotic action does not go any further.

Kendra does not like losing. And she is jealous because Lucille seemed to enjoy the tender conclusion to her fight with Nina. So she challenges Leslie and Nina to a foursome sexfight.

Nina and Leslie accept the idea, but they say that the gym lacks privacy. So it is decided that they will all go to Lucille's apartment.

The four women enter the living room. Lucille puts on a record of classical piano music. They take their clothes off. Nina congratulates Lucille about her breasts. Kendra then says she gets the feeling that Leslie's clit is big and strong. They decide to move to the bedroom which has a very large and comfortable bed. They draw the curtains for less light. The pillows are put away on the floor.

Kendra suspects that Nina fancies Lucille, so she wants to trib herself against Nina, while Leslie will face Lucille. They agree on the rules. Every erotic move is allowed. But it is a couple competition : the idea is to determine wich couple is the best for trib. So, the two trib fights start at the same time on the bed. And as soon as one woman has an orgasm, she is eliminated. Leslie is the first to lose. So she sits aside. And

Lucille immediately joins Kendra in her trib against Nina : it then gets two against one. Nina can not hold herself very long against two. And when she gets an orgasm too, it leaves Lucille and Kendra as the trib winners. They kiss tenderly and start making love in a missionary position until Lucille's loud orgasm. At the same time, Nina moves towards Leslie, gets on top of her and they give each other 69 oral pleasure. Eventually, all four women lye on the bed, fully satisfied and happy.

Then the four women move to the bathroom and try to take a shower together. But it is very uneasy because it's too small. So it turns to a laugh. Every woman kisses every other woman, briefly but deeply. They are all very pleased and joyful. Kendra says : "maybe you girls should move in with us ... But then we will need a larger bed ... and a larger bathroom".
